Please note. The Cursillo of Cursillos is for those who have an interest in deepening their understanding of the Cursillo Movement in all three phases, the precursillo, weekend and postcursillo. Its format is much like a Cursillo weekend and the days are long and intense. The schedule will not be as relaxed as our annual conferences. There will be ample time for discussion and one on one dialogue with other Cursillo leaders. If you have an interest in making the Cursillo movement more effective in your own community and becoming a Cursillo leader in your own environment, then the Cursillo of Cursillos is for you.
